

Песня-пародия на 'Если у Вас нету тети'

If you **don't have** an auntie, you **won't lose** her at all (**1st type**).

But I do have an auntie, and let me tell you- she's quite a doll.

If she **comes over** tomorrow, she'll most certainly **have a drink** (**1st type**).

And **if** she **had** a magic wand, she'd **turn** her husband into Brad Pitt (**2nd type**).

She once met Ivan Petrovich, and they started having an affair.

Of which my poor uncle Vasya was completely unaware.

My uncle **would not have found out**, **if** he **hadn't come** home early last week (**3rd type**)

And saw my aunt and Ivan Petrovich practicing a love technique.

My aunt was pulling out her hair, and kept saying to her friend:

"I **should have resisted** the affair **if I had known** how **it would** end" (**3rd type + mixed type**).
